TO ADVERTISE.—THE VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and on that account, if no other, the best medium for advertising.

Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Terrill's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

THE REV. HERMAN C. RIGGS, having accepted the call of the Congregational Church to become their pastor, will commence his ministerial labors here next Sabbath. He will preach at both the morning and evening service, on the relations and duties of pastor and people.

THE CHECK LIST.—The Board of Selectmen of the town of St. Albans will meet on Monday next, at 10 o'clock, a. m. to complete the check list. Every voter whose name was not on the September list, should be there and see to it that his name is placed upon it.

WRECK OF THE STEAMER RIVER QUEEN.—At about half past six o'clock last night, the River Queen with 6 passengers and a cargo of 19 head of cattle and 150 sheep from South Island, ran upon a reef of rocks off Hathaway (St. Albans) Point, and became lodged about 15 rods from shore. The vessel pounded hard upon the rocks and she was scuttled and sunk to her lower deck. The passengers and crew of five or six went ashore in small boats. The cattle and sheep were thrown overboard and they all swam ashore. A horse and wagon which it was impossible to get off, remained on the River Queen at last accounts. It is feared in the high wind of to-day that she will become a total wreck, as the waves are rolling high over the vessel. The stranding was occasioned by carelessness in running too near the shore.

VERMONT CENTRAL RAILROAD and PERSONAL.—Mr. B. F. Williams, retires from his position in the Railroad shops to-day. He has been in the employ of the Vermont Central Railroad for 15 years, and during this time he has been engaged in building and repairing locomotives. His Masterpieces are the locomotives "E. F. Perkins" and "Gov. Smith," with a third, equal to either and nearly finished. The "Perkins," and "Gov. Smith" are two of the most beautiful and perfectly built engines in America, as travelers and good Mechanics will attest. At the time of his retirement, he was foreman of the locomotive building department of the Central Shops. Hereafter, he need not seek a position, the position will rather seek him. He goes to the "Old Colony Railroad" running out from Boston.

We are pleased to notice that Mr. Charles H. Clark, of St. Albans, who has, since the death of Major Tenney been in charge of the bridges on the Vermont Central Railroad has recently been ap-

pointed Master Bridge Builder of the Northern Section. The dividing line of sections is not yet drawn, but it is supposed that the northern section will extend from Essex Junction to Waterlo, Canada, including the bridges over Lake Champlain, at Rouse's Point. Mr. Clark is a practical mechanic, of large experience in Bridge Building, and is just the right man in the right place.

Mr. T. T. Sprague, late of the Vermont and Massachusetts Railroad, becomes Master Bridge Builder of the Southern section; it is supposed, from Burlington to Bellows Falls. The accession of Mr. Sprague to the mechanical ability of the road may be deemed fortunate.

THE person who caused the disappearance of the dry goods box from the sidewalk in front of this office, this afternoon, will save himself trouble by calling at this office and settling for the same.

J. HAYFORD, Jr., of Johnson, August 14th, had a single pumpkin vine upon which grew 10 pumpkins, one rotted and the remainder weighed 153 pounds, averaging 17 pounds each. This falls far short of the yield from the vine grown by Mr. H. M. Stone of Swanton. He raised 10 pumpkins from a single seed, and they weighed 31½ pounds each upon an average. The State premium must be awarded to Mr. Stone upon reports made up to this time.

ELECTION NEWS BY TELEGRAPH.—The people of St. Albans and surrounding country will desire the reports of the Presidential election on Tuesday night, by telegraph. It will require a few stamps. Gentlemen, when the hat is passed please contribute.

SHUT OFF THE GAS.—A lady with her little daughter arrived at the American Hotel late on Thursday night, and retired. "Hiram" cautioned her about the gas, but instead of shutting it off, she blew it out. The woman was aroused with great difficulty the next morning, nearly suffocated, having, with her child, narrowly escaped death. Why will not people be a little more cautious in dealing with this deathly agent.

THE VALUE OF A VOTE.—A New York correspondent writes the *Tribune* as follows:—"An uncle of mine, who sailed between New York and New Orleans, arrived in this city two days before the Presidential Election of 1840. He said to the other owner of the vessel, who like him, was a resident of Middletown, Connecticut; suppose we go up and vote for old Harrison, and discharge cargo afterward. They went, and that county gave one majority for Harrison. If only one had gone, it would have been a tie, and if neither had gone, the opposite party would have had the county."

GOOD TEMPLARS.—St. Albans Lodge No. 32, I. O. of G. T., held its quarterly election of officers last evening, with the following result:

SS Bedard, WCT
Miss Nellie Williams, WVT
Albert Cross, WRS
CH Baker, WFS
George W Thorp, W T
S C Green, WM
Miss Belle Currier, WIG
RO Sturtevant, WOG

A. Tinker becomes PWCT by rotation.

We are pleased to know that the Lodge is in a very prosperous condition, having a membership of about 400, with an increase of about 80 during the last term. St. Albans lodge is the largest, and is probably the most flourishing lodge in the State.

PERSONAL.—Mr. Wyman H. Merritt, late clerk of the American Hotel, Burlington, has assumed the duties of clerk of the Welden House, St. Albans, made vacant by the retirement of Charles H. Blinn.

The *Burlington Times* says of him, while at Burlington "he has made hosts of friends, not only with the travelling public, but among the citizens. He had the confidence and friendship of landlord and guests, and hence made a popular clerk."

Good fellows are always appreciated in St. Albans.

THE *Argus and Patriot* comes to us this week with a roster at the head of its columns, which is made to crow over the recent State elections. Hiram says for the bird: "Let us hooray. The skies are brighter. Western Virginia Democratic! The Republican Majority in Ohio and Pennsylvania reduced to a few hundred!! Indiana all right!!! The prospect of the election of Seymour and Blair good!!!" But the roster says nothing. This is endeavoring to obtain sound from a vacuum. If the bird could articulate, it could at best repeat only: "An aching void the world can never fill."

THE Republicans of St. Albans are making preparations for a barbecue on the village green next Tuesday night.—*Burlington Times*.

We think there will be a "big time" here Tuesday night over the election returns. Won't the Burlington Republicans join us?

GEN. SCOTT took the stump in 1852. Mr. Fillmore made a few speeches in 1866. Mr. Douglas made a stumping tour in 1860. The result in neither case was flattering.

What will Seymour accomplish in "swinging around the circle?"

RESULT OF COUNCIL.—On the 21st inst., a Mutual Council was convened at Swanton, Vt., to advise in regard to the dissolution of Rev. A. T. Deming from his relation as pastor of the Congregational Church in that place. The reasons presented by the pastor were deemed sufficient to justify him in asking dissolution and the council advised accordingly.

At the same time, the Council expressed its regrets that any circumstances should make it necessary for so devoted and able a man to leave a field of such importance, and cordially recommended Bro. Deming as an able and faithful minister of the Gospel. The Council also expressed deep sympathy with the church in the trials incident to the severing of relation so tender as those between pastor and people.

REV. G. F. WRIGHT, Scribe of Council.
Bakersfield, Oct. 23.
Vermont Chronicle.

ESSEX JUNCTION.—A brakeman on the Vermont Central Railroad, named Robert Johnson of Northfield, caught his arm between two cars at Essex Junction early Friday morning and received severe injuries.

The Junction House has changed proprietors, Rollin Pease having sold out to David G. Wells, of Burlington, late proprietor of the Dunlap House, Albany N. Y.

PRESIDENT AGELL delivered a lecture at Plattsburgh on Monday night last, for the benefit of the First Presbyterian Church Sabbath-School of that place. His subject—"Education and Labor"—was handled with his usual ability.

SAD ACCIDENT.—The *Woodstock Standard* says that a son of E. S. Morgan, of South Woodstock, suffered a painfully sad accident yesterday, which makes him a cripple for life. While attempting to get upon a wagon load of apples by stepping on the wheel while the team was in motion, his foot passed through between the spokes, and before the team could be stopped his leg was literally twisted off at the knee and the flesh terribly torn. The leg was amputated by Dr. Wm. McCollum, of Woodstock, assisted by Drs. Richmond, Williams, and Ezra McCollum. The boy is about 15 years old.

THE FLAG WASN'T STOLEN.—The *Rutland Herald* of Thursday says: We are happy to announce, that the article which appeared in our columns yesterday morning in regard to the stealing of the flag at Poulton was a mistake. The information upon which we wrote the article, came to us from a source which we supposed was reliable and we felt justly indignant as everybody would at such a low and despicable act. A citizen of our village gave us the information, and told us he received it from a gentleman connected with the Rutland Independent who was present at the presentation, and who returned to Rutland the next day.

We gladly make the correction as we should be sorry to believe that so mean a man existed in Vermont, and especially in Poulton.

PERSONAL.—Rev. C. C. Torrey has received and accepted a call to the pastoral of the Congregational Church and Society of Georgia. He has already commenced his labors.

NATURALIZATION FRAUDS.—The New York City papers are filled with legal investigations of naturalization frauds which have prevailed there to an alarming extent.

THE CONCERT AT MONTPELIER.—Camille Urso's concert, so called, at Montpelier, Friday night, was a decided success. Of Mr. Hopkins' performance the *Journal* says:

"Mr. Hopkins was in full voice, and warmly were his efforts greeted. Laying aside the artistic merits of his 'Porter's Song' he touched the heart of the whole audience by his beautiful conception of the rendering of the 'Star of Bethlehem,' and when, in response to an encore, he gave Balfe's 'Heart Bowed Down,' from the 'Bohemian Girl,' he won his greatest expression of appreciation for some moments hung over his audience, broken at last by round after round of applause."

The *Journal* thus speaks of Mr. Proctor: "What shall we say of Mr. Proctor? To simply pronounce him a cultivated and refined artist would be to do only what every lover of music in Vermont knows already; and to praise, or even attempt to criticise his faultless playing, would be a work for which there seems little necessity. We can, however, and we do thank him for this rich treat, and would express our wishes that he will so arrange his concerts that we shall have yet one more—if only one—before Mr. Urso leaves our State."

AN EMINENT DIVINE, says, "I have been using the Peruvian Syrup. It gives me new vigor, buoyancy of spirits, elasticity of muscle." J. P. Dinmore, 36 Dey Street, New York, will send free pamphlet of 32 pages, containing a full account of this remarkable medicine, to any one sending him their address.

A DECISION.—At Boston, last April, one Jones was divorced from his wife, and notice was given by advertisement, which, by law, requires a lapse of six months before the decree can be entered. Within the six months Jones died; and the Court holds that the widow is now entitled to her share in the estate the same as if no proceedings for divorce had been granted.

MANY HAPPY RETURNS OF THE DAY.—A Fine Parlor Steel Engraving, From a painting by W. P. FRITH, R.N. This beautiful picture represents a family festival, and that most joyous of all festivals, the birth day of our little pet.

What mirth at the unconscious wonder of the little prattler.
How ludicrous the dreadful solemnity with which she contemplates the libations poured forth in her honor.

The group, seated round the table, constitute the family circle, consisting of Father, Mother and children, Grandfather and Grandmother, with an Aunt or two, these inevitable appendages of every family. Grandmother is still sitting at the table, while Grandfather asserting the privilege of an old gentleman, sits by the window with his paper, and smilingly partakes of the hospitality tendered by a dutiful little Granddaughter. Father is just in the act of proposing a toast, which, the more fully to testify their entire concurrence in, the children have drank in advance.

But "Our Pet's Birth Day," like all good pictures, tells its own story and needs no explanation.
The engraving is neatly printed on fine paper, 18 by 24 inches, and is sold to subscribers at \$1.50 per copy.

Renne's Pain-Killing Magic Oil is recommended to use both externally and internally, and is used faithfully according to the directions on each bottle, it cures pain "like a charm," and when once used by any person, it has a new friend to praise its good virtues. The best praise is to try a bottle. d&w.

FULTON MARKET.—Just received, a nice lot Dried Beef, Sugar Cured Hams, Bologna Sausage, Sweet Potatoes, Tomatoes, Peas, Peaches, Water Melons and Musk Melons. dtf-94.

PROGRESS.—Columbus sailed to the American coast in a four hundred ton ship, and first landed upon the island of St. Domingo. Last week a vessel from St. Domingo unloaded in New York over four hundred tons of St. Croix Rum for P. H. Drake & Co., of that city. That is but a few weeks' supply of this article, which these gentlemen use in the manufacture of the celebrated Plantation Bitters. We are informed by an exchange that Messrs. Drake & Co., have not advertised a dollar for a year, but that the sales of this article continue at the former enormous figure. In 1864, the receipts of the Plantation Bitters were equal to those of New York & New Haven Railroad.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

A celebrated chemist says: "I consider, after a careful comparison and analysis 'Barrett's Vegetable Hair Restorative' to be the best hair preparation in the market. It is the only one I can fully indorse."—*Boston Journal*. d&w

E. S. GOODWIN, Esq., Agent Welden Spring Water.

DEAR SIR: I write to acknowledge the benefit I have received from the Welden Spring Water. I have been troubled with Disease of the Kidneys for many years. I have consulted some of the best physicians in the country and received no relief. Some few months since I was recommended to try the Welden Spring Water. I had not taken it long before I was surprised to see how much good it had done me. Since then I always keep it in my room and seldom drink any other water, knowing eventually it will cure me. As I am anxious that others should be benefited by my experience, I cheerfully recommend it to all suffering with the same disease. Respectfully,
J. J. MAY.

E. S. GOODWIN.

DEAR SIR: I cheerfully comply with your request to give my candid opinion of the merits of the Welden Spring Water. For some years I have suffered much from Dyspepsia, and having exhausted patent medicines and the prescriptions of many physicians, I was advised to try the Welden Spring Water. I found by taking a glass of the water before meals it acts as a tonic and general regulator of the system, and enables me to eat any kind of food without inconvenience. The only evidence I can give of my appreciation of its virtues is a recommendation to every one suffering from Dyspepsia to try it.

Yours truly, FRANK B. DIXON.

QUINCY, MASS., Oct. 3, 1868.

DEAR SIR: My wife has used your Welden Spring Water, and has received great benefit from it. Before she used it she had a bad cough, and had bled from the stomach or lungs. The cough has entirely disappeared and she is as well, or better, than she has been for ten years.

Very respectfully your old servant,
JOHN T. WILLEY,
